CENTRAL AMERICA Region (including Mexico & Caribbean)	6 deaths
SOUTH AMERICA Region	6 deaths
EUROPE Region	0 deaths

June 2021 to May 2022

The Line of Duty Deaths of the 150 rangers (from 32 countries) who are named in this 2022 Roll of Honour (from June 2021 to May 2022), are only those which have been reported to the IRF directly by our member associations, or from our partner organisations. They do not represent the complete picture of Ranger Line of Duty Deaths globally, as there are many countries where it is difficult to access information. But we acknowledge these as well as those unknown rangers, who have paid the ultimate sacrifice defending the world's protected areas.
